Dinah's Choice

12" Block

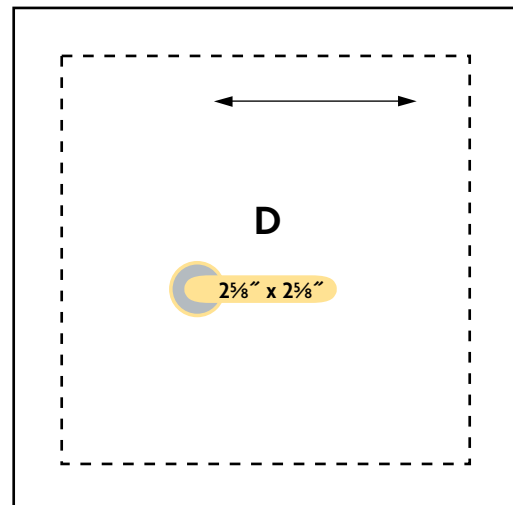

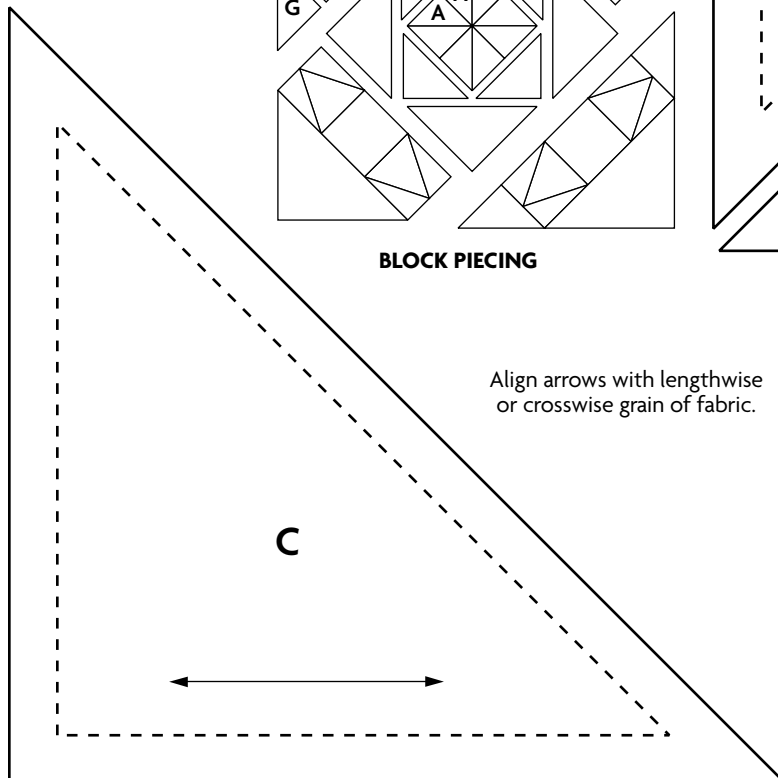

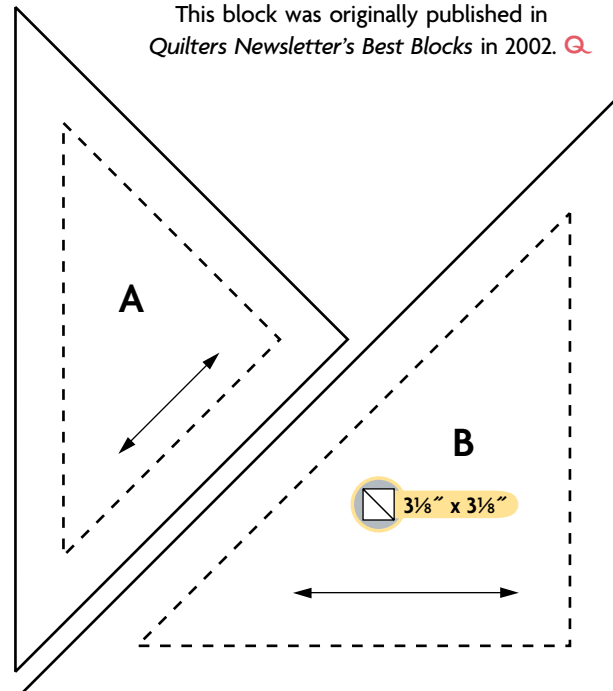

This 12" free quilt block pattern is Dinah's Choice, originally published by *Hearth and Home*, a mail-order pattern company that operated from 1895 through 1930.

The contrast in the fabric collection, *Reverie Garden* by Pink Light Design for Robert Kaufman (www.robertkaufman.com), makes the secondary pattern, a chain of stars, really stand out when the blocks are sewn together in a quilt. Choose whatever colors you like and make this pattern your own.

This block was originally published in *Quilters Newsletter's Best Blocks* in 2002.
