Hanging Basket

12" Block

Use our free quilt block pattern to make this variation of the ever-popular pieced basket, which hangs on a four-patch unit in the corner of the block, using graphic prints from Mod Tex by Robert Kaufman Fabrics or your choice of fabrics. The design was attributed to Clara Stone in her *Practical Needlework: Quilt Patterns* (1906), where it was called Mrs. Hardy's Hanging basket. *The Kansas City Star* published the pattern as Hanging Basket in 1937.
